## 1. What motivated you to seek nomination for this committee?

I was recommended for nomination, however, my motivation for following through with the recommendation was based on my dedication and commitment to the life in Christ's church. The work I do in His church is predicated on my abiding faith in God who has led me to work in the building and upkeep of His church. The spiritualness in seeking a leadership position such as the Standing Committee is most humbling in itself as it should be carried out with a level of reverence and deep seeded love for everyone, and anyone willing to be in His presence. And then there's the responsibility of making ethical and Christ driven decisions that affects the operations of His church. I am committed to taking part in making those decisions if given the opportunity.
