RESOLVED: Article IV.1 of the Constitution of the Diocese is amended to state: "Members of the Clergy who are canonically resident in the Diocese at the opening of Convention shall have a seat and vote provided they have attended at least one of the prior three annual Conventions. Otherwise, they shall have a seat but no vote."

EXPLANATION:

A requirement that clergy attend at least one in four annual Conventions in order to retain voting privileges will encourage attendance and contribute to an informed electorate.
