Dear Bishop Gutierrez:

I am writing to you today to remind you of The Advancement Society and hope that we can generate more interest from those churches in your Diocese who are in need of grants.

As you know, The Society's general aim and purpose is to advance Christianity by providing grants to needy parishes and missions in the five Dioceses of Pennsylvania.

In the past we have provided for the salary of a Missionary in the Diocese of Pennsylvania and aid for installation and repair of roofs, heating facilities, lighting, plumbing, flooring, wiring, paving, painting, waterproofing the exterior or interior of church buildings, for final payment on church debts and many more necessary needs.

We would welcome the opportunity of helping all parishes in The Diocese of Pennsylvania needing aid. Please have the churches address their request along with an appraisal of the work and their parochial report to me at:

Or email to: advancementociety@gmail.com

Please note that the request must have your or the Dean's approval in writing.

Thank you for your assistance in advance.

Sincerely,

Karin W. King
