Emergency Aid Request Questionnaire

We want to be as speedy and effective as possible in providing financial support while also being equitable in how limited resources are made available to all who need them.

To help us to respond to your request effectively we ask for the following information:

- Copies of your bank statements for calendar 2019, and the most up to date available in 2020.
- Confirmation that you have or have not applied for a PPP loan under the CARES Act. If you have applied, please include a copy of your application and your loan if approved.
- In your best discernment why has your income dropped, or your expense increased in 2020?
- What is the specific amount (per month, and for how long) that you are requesting?
- Do you have any endowment or investment funds which could be used in extreme need?

Please send your request to Canon Shawn Wamsley, swamsley@diopa.org.

Contact Canon Doug Horner, dhorner@diopa.org, 215.621.8318 with any questions on this process.
